Perfectly shaped diversity

CHANNEL S OFFICE

CHANNEL S creates a pleasant atmosphere in any room. Its elegant appearance and first-class lighting quality make it particularly appealing for offices and adjoining zones. The extremely slender CHANNEL S is available in a wide variety of versions, with four different optics and several mounting options that allow the greatest scope in lighting planning. However, the luminaire does not only provide high-quality light and planning precision, but also makes a noticeable contribution to people's well-being thanks to the integrated Tunable White technology. So slim yet packed with sophisticated technology. CHANNEL S unites versatility with standard-compliant workplace lighting in a perfect form.
